

ReHold Terms of Service

Last modified: April 10, 2023

These Terms of Service (the “Agreement”) explains the terms and conditions by which you may access and use <https://app.rehold.io>, a website-hosted user interface (the “Interface” or “App”) provided by ReHold (“we”, “our”, or “us”). You must read this Agreement carefully as it governs your use of the Interface. By accessing or using the Interface, you signify that you have read, understand, and agree to be bound by this Agreement in its entirety. If you do not agree, you are not authorized to access or use the Interface and should not use the Interface.

Introduction

The Interface provides access to a decentralized protocol on various public blockchains, that allow users to trade certain compatible digital assets (“the ReHold protocol” or the “Protocol”). The Interface is one, but not the exclusive, means of accessing the Protocol. To access the Interface, you must use non-custodial wallet software, which allows you to interact with public blockchains. Your relationship with that non-custodial wallet provider is governed by the applicable terms of service of that third party, not this Agreement. Wallets are not operated by, maintained by, or affiliated with us, and we do not have custody or control over the contents of your wallet and have no ability to retrieve or transfer its contents. By connecting your wallet to our Interface, you agree to be bound by this Agreement and all of the terms incorporated herein by reference.

Modification of this Agreement

We reserve the right, in our sole discretion, to modify this Agreement from time to time. If we make any material modifications, we will notify you by updating the date at the top of the Agreement and by maintaining a current version of the Agreement at https://rehold.io/terms_of_service.pdf. All modifications will be effective when they are posted, and your continued accessing or use of the Interface will serve as confirmation of your acceptance of those modifications. If you do not agree with any modifications to this Agreement, you must immediately stop accessing and using the Interface.

Description of Services provided through the Interface

The Interface is distinct from the Protocol and is one, but not the exclusive, means of accessing the Protocol. The Protocol comprises open-source or source-available self-executing smart contracts that are deployed on various public blockchains, such as Binance Smart Chain. ReHold does not control the Protocol on any blockchain network.

Dual Investments

You acknowledge that you can receive funds back only after the staking period ends and you may receive a different token and/or different amount depending on Dual Investments rules on app.rehold.io.

Cryptocurrencies given by the User may be executed on the Uniswap Protocol on any supported public blockchain in any available Liquidity Pools.

Replay

By using the replay function of Dual Investment, you agree that the output amount in the output ticker of the finished Dual Investment will be the input amount of the newly created Dual Investment. The terms (staking period, APR) will be calculated at the time of creation.

Auto-Replay

By using the auto-replay function, you agree that the protocol will replay your Dual Investment following the rules of the replay feature. Each replayed Dual Investment will be created after the staking period of the previous is over and will follow the rules of replay until auto-replay is disabled or the input amount reaches the minimum or maximum limits.

Referral Program

You acknowledge that you fully understand how the referral code is selected for each user you have invited (depends on IP, user address, and first-touch model).

You agree that the referral code is stored in the cookies and will be written into the smart contract after the Dual Investment creation.

Prices

ReHold does not control any prices for any tokens on the platform. The Protocol uses Chainlink Oracles to get prices for any tokens and is not responsible for any issues with cryptocurrencies' prices.

Eligibility

To access or use the Interface, you must be able to form a legally binding contract with us. Accordingly, you represent that you are at least the age of majority in your jurisdiction (e.g. 18 years old in the United States) and have the full right, power, and authority to enter into and comply with the terms and conditions of this Agreement on behalf of yourself and any company or legal entity for which you may access or use the Interface.

You further represent that you are not (a) the subject of economic or trade sanctions administered or enforced by any governmental authority or otherwise designated on any list of prohibited or restricted parties. Finally, you represent that your access and use of the

Interface will fully comply with all applicable laws and regulations, and that you will not access or use the Interface to conduct, promote, or otherwise facilitate any illegal activity.

Additional Rights

We reserve the following rights, which do not constitute obligations of ours: (a) with or without notice to you, to modify, substitute, eliminate or add to the Interface; (b) to review, modify, filter, disable, delete and remove any and all content and information from the Interface; and (c) to cooperate with any law enforcement, court or government investigation or order or third party requesting or directing that we disclose information or content or information that you provide.

Prohibited Activity

You agree not to engage in, or attempt to engage in, any of the following categories of prohibited activity in relation to your access and use of the Interface:

- **Intellectual Property Infringement.** Activity that infringes on or violates any copyright, trademark, service mark, patent, right of publicity, right of privacy, or other proprietary or intellectual property rights under the law.
- **Cyberattack.** Activity that seeks to interfere with or compromise the integrity, security, or proper functioning of any computer, server, network, personal device, or other information technology system, including (but not limited to) the deployment of viruses and denial of service attacks.
- **Fraud and Misrepresentation.** Activity that seeks to defraud us or any other person or entity, including (but not limited to) providing any false, inaccurate, or misleading information in order to unlawfully obtain the property of another.
- **Market Manipulation.** Activity that violates any applicable law, rule, or regulation concerning the integrity of trading markets, including (but not limited to) the manipulative tactics commonly known as “rug pulls”, pumping and dumping, and wash trading.
- **Sale of Stolen Property.** Buying, selling, or transferring of stolen items, fraudulently obtained items, items taken without authorization, and/or any other illegally obtained items.
- **Data Mining or Scraping.** Activity that involves data mining, robots, scraping, or similar data gathering or extraction methods of content or information from the Interface.
- **Objectionable Content.** Activity that involves soliciting information from anyone under the age of 18 or that is otherwise harmful, threatening, abusive, harassing, tortious, excessively violent, defamatory, vulgar, obscene, pornographic, libelous, invasive of another’s privacy, hateful, discriminatory, or otherwise objectionable.
- **Any Other Unlawful Conduct.** Not Registered with the SEC or Any Other Agency.

Non-Solicitation; No Investment Advice

You agree and understand that: (a) all trades you submit through the Interface are considered unsolicited, which means that they are solely initiated by you; (b) you have not received any investment advice from us in connection with any trades; and (c) we do not conduct a suitability review of any trades you submit.

We may provide information about tokens in the Interface sourced ReHold default token list. The provision of informational materials does not make trades in those tokens solicited; we are not attempting to induce you to make any purchase as a result of information provided. All such information provided by the Interface is for informational purposes only and should not be construed as investment advice or a recommendation that a particular token is a safe or sound investment. You should not take, or refrain from taking, any action based on any information contained in the Interface. By providing token information for your convenience, we do not make any investment recommendations to you or opine on the merits of any transaction or opportunity. You alone are responsible for determining whether any investment, investment strategy or related transaction is appropriate for you based on your personal investment objectives, financial circumstances, and risk tolerance.

Non-Custodial and No Fiduciary Duties

You are solely responsible for the custody of the cryptographic private keys to the digital asset wallets you hold and you should never share your wallet credentials or seed phrase with anyone. We accept no responsibility for, or liability to you, in connection with your use of a wallet and make no representations or warranties regarding how the Interface will operate with any specific wallet. Likewise, you are solely responsible for any associated wallet and we are not liable for any acts or omissions by you in connection with or as a result of your wallet being compromised.

Compliance and Tax Obligations

The Interface may not be available or appropriate for use in your jurisdiction. By accessing or using the Interface, you agree that you are solely and entirely responsible for compliance with all laws and regulations that may apply to you.

Specifically, your use of the Interface or the Protocol may result in various tax consequences, such as income or capital gains tax, value-added tax, goods and services tax, or sales tax in certain jurisdictions.

It is your responsibility to determine whether taxes apply to any transactions you initiate or receive and, if so, to report and/or remit the correct tax to the appropriate tax authority.

Assumption of Risk

By accessing and using the Interface, you represent that you are financially and technically sophisticated enough to understand the inherent risks associated with using cryptographic and blockchain-based systems, and that you have a working knowledge of the usage and intricacies of digital assets such as ether (BNB), so-called stablecoins, and other digital tokens such as those following the Ethereum Token Standard (BEP-20).

In particular, you understand that the markets for these digital assets are nascent and highly volatile due to risk factors including (but not limited to) adoption, speculation, technology, security, and regulation. You understand that anyone can create a token, including fake versions of existing tokens and tokens that falsely claim to represent projects, and acknowledge and accept the risk that you may mistakenly trade those or other tokens. So-called stablecoins may not be as stable as they purport to be, may not be fully or adequately collateralized, and may be subject to panics and runs.

Further, you understand that smart contract transactions automatically execute and settle, and that blockchain-based transactions are irreversible when confirmed. You acknowledge and accept that the cost and speed of transacting with cryptographic and blockchain-based systems such as Binance Smart Chain are variable and may increase dramatically at any time.

Finally, you understand that we do not create, own, or operate cross-chain bridges and we do not make any representation or warranty about the safety or soundness of any cross-chain bridge, including its use for ReHold governance.

In summary, you acknowledge that we are not responsible for any of these variables or risks, do not own or control the Protocol, and cannot be held liable for any resulting losses that you experience while accessing or using the Interface. Accordingly, you understand and agree to assume full responsibility for all of the risks of accessing and using the Interface to interact with the Protocol.

Third-Party Resources and Promotions

The Interface may contain references or links to third-party resources, including (but not limited to) information, materials, products, or services, that we do not own or control. In addition, third parties may offer promotions related to your access and use of the Interface. We do not approve, monitor, endorse, warrant or assume any responsibility for any such resources or promotions. If you access any such resources or participate in any such promotions, you do so at your own risk, and you understand that this Agreement does not apply to your dealings or relationships with any third parties. You expressly relieve us of any and all liability arising from your use of any such resources or participation in any such promotions.

Release of Claims

You expressly agree that you assume all risks in connection with your access and use of the Interface. You further expressly waive and release us from any and all liability, claims, causes of action, or damages arising from or in any way relating to your use of the Interface.

Indemnity

You agree to hold harmless, release, defend, and indemnify us and our officers, directors, employees, contractors, agents, affiliates, and subsidiaries from and against all claims, damages, obligations, losses, liabilities, costs, and expenses arising from: (a) your access

and use of the Interface; (b) your violation of any term or condition of this Agreement, the right of any third party, or any other applicable law, rule, or regulation; and (c) any other party's access and use of the Interface with your assistance or using any device or account that you own or control.

No Warranties

The Interface is provided on an "AS IS" and "AS AVAILABLE" basis. TO THE FULLEST EXTENT PERMITTED BY LAW, WE DISCLAIM ANY REPRESENTATIONS AND WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING (BUT NOT LIMITED TO) THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. You acknowledge and agree that your use of the Interface is at your own risk. We do not represent or warrant that access to the Interface will be continuous, uninterrupted, timely, or secure; that the information contained in the Interface will be accurate, reliable, complete, or current; or that the Interface will be free from errors, defects, viruses, or other harmful elements. No advice, information, or statement that we make should be treated as creating any warranty concerning the Interface. We do not endorse, guarantee, or assume responsibility for any advertisements, offers, or statements made by third parties concerning the Interface.

Similarly, the Protocol is provided "AS IS", at your own risk, and without warranties of any kind. Although we contributed to the initial code for the Protocol, we do not provide, own, or control the Protocol, which is run autonomously without any headcount by smart contracts deployed on various blockchains. Upgrades and modifications to the Protocol are generally managed in a community-driven way by holders of the UNI governance token. No developer or entity involved in creating the Protocol will be liable for any claims or damages whatsoever associated with your use, inability to use, or your interaction with other users of, the Protocol, including any direct, indirect, incidental, special, exemplary, punitive or consequential damages, or loss of profits, cryptocurrencies, tokens, or anything else of value. We do not endorse, guarantee, or assume responsibility for any advertisements, offers, or statements made by third parties concerning the Interface.

Limitation of Liability

UNDER NO CIRCUMSTANCES SHALL WE OR ANY OF OUR OFFICERS, DIRECTORS, EMPLOYEES, CONTRACTORS, AGENTS, AFFILIATES, OR SUBSIDIARIES BE LIABLE TO YOU FOR ANY INDIRECT, PUNITIVE, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES, INCLUDING (BUT NOT LIMITED TO) DAMAGES FOR LOSS OF PROFITS, GOODWILL, USE, DATA, OR OTHER INTANGIBLE PROPERTY, ARISING OUT OF OR RELATING TO ANY ACCESS OR USE OF THE INTERFACE, NOR WILL WE BE RESPONSIBLE FOR ANY DAMAGE, LOSS, OR INJURY RESULTING FROM HACKING, TAMPERING, OR OTHER UNAUTHORIZED ACCESS OR USE OF THE INTERFACE OR THE INFORMATION CONTAINED WITHIN IT. WE ASSUME NO LIABILITY OR RESPONSIBILITY FOR ANY: (A) ERRORS, MISTAKES, OR INACCURACIES OF CONTENT; (B) PERSONAL INJURY OR PROPERTY DAMAGE, OF ANY NATURE WHATSOEVER, RESULTING FROM ANY ACCESS OR USE OF THE INTERFACE; (C) UNAUTHORIZED ACCESS OR USE OF ANY SECURE SERVER OR DATABASE IN OUR CONTROL, OR THE USE OF ANY INFORMATION OR DATA STORED THEREIN; (D)

INTERRUPTION OR CESSATION OF FUNCTION RELATED TO THE INTERFACE; (E) BUGS, VIRUSES, TROJAN HORSES, OR THE LIKE THAT MAY BE TRANSMITTED TO OR THROUGH THE INTERFACE; (F) ERRORS OR OMISSIONS IN, OR LOSS OR DAMAGE INCURRED AS A RESULT OF THE USE OF, ANY CONTENT MADE AVAILABLE THROUGH THE INTERFACE; AND (G) THE DEFAMATORY, OFFENSIVE, OR ILLEGAL CONDUCT OF ANY THIRD PARTY.

Dispute Resolution

We will use our best efforts to resolve any potential disputes through informal, good faith negotiations. If a potential dispute arises, you must contact us by sending an email to support@rehold.io so that we can attempt to resolve it without resorting to formal dispute resolution. If we aren't able to reach an informal resolution within sixty days of your email, then you and we both agree to resolve the potential dispute according to the process set forth below.

Entire Agreement

These terms constitute the entire agreement between you and us with respect to the subject matter hereof. This Agreement supersedes any and all prior or contemporaneous written and oral agreements, communications and other understandings (if any) relating to the subject matter of the terms.
